Jill,

This all looks very sensible and I am content with the proposals, thanks.

Dear NICS Board colleagues

As discussed at our meeting on Friday please find attached a paper setting out decisions required from the NICS Board on how absence relating to coronavirus will be managed within the NICS.

Following agreement on these matters NICSHR and communications colleagues will issue detailed guidance to managers and staff (agency staff will be covered in the guidance) and advise TUS.

Given the urgency of this issue I should be very grateful for a response on these particular matters by 2.00 pm tomorrow if possible.

Should you have any queries please do not hesitate to contact me.
