Dear [REDACTED]

**Extensions to Merit lists**

You will be aware from previous correspondence of 3 September 2020, CTUS were content to agree extensions to the three corporate promotion competitions listed below to 30<sup>th</sup> April 2021 as a result of the extenuating circumstances caused by the prevailing Covid-19 pandemic.

We continue to consider our supply position and given the limited opportunities to progress new competitions to date, I am writing to seek Trade Union side approval of the Management Side proposal for a further extension of three months from the current expiry date of 30 April 2021 to 31 July 2021 to allow staff on General Service lists to be promoted and provide urgent supply.
