Hello [REDACTED]

Trade Union side is content to approve the Management Side proposal for a further extension of three months from the current expiry date of 30 April 2021 to 31 July 2021.

After the external SO/DP competition had launched, TUS formally agreed to 2 x 1-year extensions to cover those listed from previous competitions with restricted mobility. I would seem to make sense to do similar for these grades.

Hi [REDACTED]

I'm aware that you're querying extensions to merit list. This has been passed to Barbara Kinley in VM as your query relates to departmental rather than corporate which is mine.

I note in your message that [REDACTED] is off. I had sent the attached correspondence through on 14<sup>th</sup> April.

Can you advise if you have received and considered. Note the closing date was 30<sup>th</sup> April.

Many thanks
