Sonya,

We have filled in the gaps see what you think I have also amended the date of the EO1 lists to 2017. We are still trying to get confirmation in relation to make protestants in the feeder grade as the data they provided differed from the comments they made, so we haven't included anything about that in the slides until we get clarification.

Debbie also asked me to amend the comment out about the work coaches in slide 2 and just say appointments were paused?

Let me know if you need anything else.

I am just starting to look at this now but I see there are some gaps in terms of figures, dates, etc. Can you look at these urgently? Many thanks.

Sonya

As requested – attached is starter for ten slides....I will need Sonya to check the dates / numbers / etc.

Happy to make any changes.
